

Client: Sunday Times

Agency: Panelbase

Universe: Adults resident in GB

Methodology: Online

Sample size: 2087

Fieldwork dates: 08 January - 14 January 2016

Weighting: All the results were weighted by age, sex, region and SEG and voters were weighted to match the 2015 UK election result.

In Scotland the results were also weighted by household tenure, and country of birth. Respondents who voted in the 2014 Independence referendum were weighted to match the actual result.
